CONSENT FOR A GENERAL DEALER

Harmonic Town Planning Consultants CC, Town, and Regional Planners, on behalf of the owners of the respective erf, intend to apply to the City of Windhoek for:

Consent for a general dealer (sale of ice – cream) to operate on “industrial” zoned Erf 7242, (a portion of Erf 6976), New Castle Street, Windhoek Extension 6.

Erf 7242 (a portion of Erf 6976), New Castle Street, Windhoek Extension 6 measures approximately $\pm 2\,001\text{m}^2$ in extent and is zoned “industrial” with a bulk of 1.0 as per the Windhoek Zoning Scheme. The erf is zoned “industrial” which grants consent uses for a range of opportunities for development and usage.

The owners wish to operate a Polar Ice-Cream Namibia CC outlet, which is a well-established ice cream supplier and retailer in Namibia. As part of their long-term growth strategy, the company procured an industrial property with the intention of producing and manufacturing locally made ice-cream. While the manufacturing component is being developed, the company wishes to operate a factory shop from the premises to supply local retail outlets and walk – in customers.

Sufficient parking for the development is provided in accordance with the requirements of the Windhoek Zoning Scheme.

The plan of the erf lies for inspection on the Town Planning Notice Board at the City of Windhoek and at Harmonic Town Planning Offices, 76B Pasteur Street, Windhoek West.

Any person objecting to the proposed use of the land as set out above may lodge such objection together with the grounds thereof, with the City of Windhoek and with the Applicant in writing within 14 days of the last publication of this notice (final date for objections is **Thursday, 25 June 2026**).

REVISION OF CONDITION OF ERF REMAINDER OF PORTION B OF
ERF 114, KLEIN WINDHOEK

Du Toit Town Planning Consultants, are applying on behalf of the owner of the Remainder of Portion B of Erf 114, Klein Windhoek, in terms of section 94(1)(b) and section 105(f) of the Urban and Regional Planning Act, 2018 (Act No. 5 of 2018), to the City of Windhoek and the Urban and Regional Planning Board for:

The cancellation of Condition 20 (incl paragraphs a and b) in the letter dated 31 January 2025 relating to the need for an Infrastructure Study (including the TIA) to be done prior to submission of the rezoning to the Urban and Regional Planning Board.

Our application for the above-mentioned was dealt with and approved by Delegated Authority in a letter dated 31 January 2025. Condition 20 of the approval requires the applicant to undertake an Infrastructure Study (TIA) prior to the submission of the rezoning to the Urban and Regional Planning Board.

Our office is requesting that this condition be deleted since after our application were approved, there was an application in the Council Agenda of 27 March 2025 for Erf 945KW – also in Nelson Mandela Avenue which was approved only with the condition to propose a solution for right turn movements. The item for Erf 945KW does not make reference to the need for an infrastructure study prior to submission of the rezoning to the URPB but rather mention a study that the Division Road Planning, Design and Traffic Flow is busy conducting a study on the traffic impacts.

Our client has accepted the condition to appoint professional Engineers to propose a solution for the right turn movements. A professional Engineering company was appointed for this and the design was approved. The omission of the condition for the Infrastructure Study needed for Erf 945, Klein Windhoek per implication also include that they do not need other infrastructure studies done.

As a result of this, it is also believe that the condition of approval should formally be deleted by the City of Windhoek as well as the Urban and Regional Planning Board in terms of section 94(1)(b) of the Urban and Regional Planning Act, 2018.

Any person objecting to the deletion of the condition of approval as set out above may lodge such objection together with the grounds thereof with the City of Windhoek and the applicant within 14 days of the last publication of this notice (final date for objections is **19 June 2026**).

- **Consent to use the erf in accordance with its new zoning while the rezoning is formally being completed since it is located in an approved policy area.**

Erf 5392, Windhoek is located along Acacia Street in Windhoek and is 973m² in extent. It is located within the Suiderhof neighbourhood, south of the city centre. Erf 5392, Acacia Street, Windhoek is currently zoned ‘residential’ with a density of 1 dwelling per 900m². The Erf accommodates an existing dwelling house and is thus primarily used for residential purposes.

The intention is to rezone the property from ‘residential’ with a density of 1 dwelling per 900m² to ‘office’ with a bulk of 0.4 to accommodate the owners’ marketing business. Furthermore, there is a request for consent for free residential bulk and to use the property according to its new zoning during the formal rezoning process.

Erf 5392, No. 10 Acacia Street, falls within the Suiderhof Office Policy Area as identified by the City of Windhoek. Therefore, the application is in line with the City of Windhoek objectives of optimizing office use in this area. A bulk factor of 0.4 remains compatible with the existing built form and character of the area, ensuring that development will not be excessive or out of scale.

Access to Erf 5392 will be maintained via Acacia Street. A total of seven (7) parking bays is provided, this meets the City of Windhoek’s parking requirements which stipulate that one parking bay ought to be provided for every 25m² of space.

Any person objecting to the proposed use of land as set out above may lodge such objection together with the grounds thereof with the City Council (the Urban Planner-Town House, Fifth Floor, Room 516) and the applicant within 14 days of the last publication of this notice (final date for objections is **19 June 2026**).

REZONING OF ERF RE/464, OLYMPIA

Du Toit Town Planning Consultants, are applying on behalf of the owner of Erf Re/464, Olympia (the sole member of Hayes Holdings CC (CC/95/00609) – Mr C. J. Senekal) to the City Council of Windhoek and the Urban and Regional Planning Board for:

- **Rezoning of Erf Re/464, No. 6 Louis Raymond Street, Olympia from ‘restricted’ business’ with a bulk of 1.0 to ‘business’ with a bulk of 1.0;**
- **Consent to use Erf Re/464, Olympia for a restaurant/takeaway under the existing ‘restricted business’ zoning while the rezoning is in process and formally being completed; and**
- **Consent to use Erf Re/464, Olympia for a restaurant/takeaway under the new business zoning when the rezoning is in process and formally being completed.**

Erf Re/464, is located along Louis Raymond Street in Olympia, Windhoek and is 630m² in extent. The erf is east of the Lollo Park Shopping area where the Olympia branch of the Woermann Brock Supermarket is. Erf Re/464, is currently zoned 'restricted business with a bulk of 1.0'. The erf has two street fronts, one from Louis Raymond Street and the other from the service road on its western boundary which gives access to Grant Webster Street.

The erf is known for its business/retail activities as it has accommodated a butchery in the past, as well as a Nando's take away restaurant for many years and a Grill Addicts when the Nando's franchise withdrew from Namibia in 2018. The building thus had the appearance of a restaurant/take-away for many years.

The intention is to rezone the property from 'restricted business' with a bulk of 1.0 to 'business' with a bulk of 1.0. In terms of the Windhoek Zoning, a restaurant is listed as a permitted consent use under the zoning 'business'. The proposed rezoning therefore seeks to align the current and historically established land use of the erf with the zoning provisions of the scheme. The proposed rezoning is therefore largely compliance-driven, intended to regularize the zoning of the property so that it accurately reflects the existing and intended land use in terms of the applicable planning scheme. The parking was calculated on the size of the existing building and the approved building plans obtained from the City of Windhoek.

Any person objecting to the proposed use of land as set out above may lodge such objection together with the grounds thereof with the City Council (the Urban Planner-Town House, Fifth Floor, Room 516) and the applicant within 14 days of the last publication of this notice (final date for objections is **19 June 2026**).
